Dear Ms. Brown and Ms. Temkin,

On the Pavillion home page, we made the following changes:  
<http://www.epa.gov/region8/superfund/wy/pavillion>

A. In the What's New section, we added this:

**January 11, 2013**

EPA is extending the public comment period for the draft research report to September 30, 2013. During this time, EPA will continue its public outreach activities including meeting with key stakeholders and posting additional technical information on this website. This extension will allow the public additional opportunity to comment on EPA's draft report and the latest round of sampling conducted by EPA and USGS. The Agency will take into account new data, further stakeholder input, and public comment as it continues to review the status of the Pavillion investigation and considers options for moving forward. 1. changed the date reference in second sentence to "through September 2013."
2. changed the date in bold subhead to "through September 30, 2013."
3. Replace current link [Federal Register Notice announcing extension of public comment period](#) with link to new FR notice (above)
4. Delete the final bullet : [December 2011 Federal Register Notice announcing public comment period](#) (PDF, 5 pp, 75K)

Let me know if you have any questions.

Thanks,
